Training Arrangements	<p>A training plan will be prepared for every student with proposed start and end dates for each unit/cluster. A group timetable will be provided to trainers, work placement supervisors and students. Timetables outline the period when the work placement assessment will be conducted. Work placement visits will be arranged in agreement with student and workplace supervisor as per training plan. Attendance is compulsory in all the training sessions. Students are required to attend at least 80% of all the scheduled classes for each cluster. Students will be required to attend missed classes with other groups, when possible. Student may be required to pay for catchup classes if they missed a classes without a genuine reasons (medical condition – medical certificate required). Students will be required to undertake self-directed study (research, reading textbook) and completing assessments for approximately 6-8 hours per week and approximately 6- 8 hours per week for Portfolio development.</p> <p>Students will be required to undertake minimum 120 hours of work placement in a regulated service as part of this program. Work placement would normally commence at 3rd week from the start of the course, when students have developed basic OHS knowledge and requirements of the industry. Students currently working in early childhood education and care industry will be required to provide evidence of their employment, clearly stating their responsibilities/duties, the number of hours they directly work with children, the age and the number of children in their care (Eg. Position Description, Letter from Employer, CV).</p> <p>Students will be inducted about their rights and obligations during an induction session prior to the commencement of any formal training.</p> <p>Maximum number of students in class is 25.</p>
Additional Support	<p>In accordance with the Standards for RTOs 2015, at a minimum, support should include:</p> <ul style="list-style-type: none"> • Identifying particular requirements (such as literacy, numeracy, English language or physical capabilities) learners would need to complete each course, and • Developing strategies to make support available where gaps are identified. <p>This may include, but not limited to providing:</p> <ul style="list-style-type: none"> • Language, Literacy & Numeracy (LLN) support • Assistive technology • Additional tutorials, and/or • Other mechanisms, such as assistance in using technology for research, reports, use of digital/electronic learning resources
Assessment Arrangements	<p>Assessment will be conducted by a qualified assessor who meets the requirements specified under the Standards for RTOs 2015. Assessment is structured throughout the course. Students will be provided with feedback where needed to improve their knowledge and skills. Assessments are conducted holistically, where similar units are clustered together. This approach provides an opportunity to the assessor to assess the students on different subjects/topics at the same time.</p> <p>A range of assessment methods are used to assess student’s competency in the subjects:</p> <ul style="list-style-type: none"> - Written Questions - Case Studies - Scenarios - Practical Activities - Research Report - Portfolios - Assessor’s Observation

	<p>Trainers/assessors will be required to obtain verification of the face-to-face workplace visits by acquiring the dated signatures of the workplace supervisor and the students.</p> <p><u>Credit Transfer</u></p> <p>Based on previous qualification evidence provided clients may be entitle to Credit Transfer which will shorten the length of their training accordingly. Please provide us a copy of your previous qualification to determine if you are eligible for any credit.</p> <p><u>Recognition of Prior Learning (RPL)</u></p> <p>If you are working in the industry for over 5 years and you believe that you have skills and knowledge that you want to be assessed against the course, then you can apply for RPL and we will estimate your skills/knowledge to see if you can be granted any recognition for your experience. Please contact us to know the process involved.</p>
Work Placement Requirements	<p>Students are encouraged to organize their own work placement in a regulated service, although TRY Children's Services provides a number of volunteering positions as per current availabilities. The student and the regulated service's representative will agree upon the start date, end date, number of hours per week in the work placement and will sign a Work Placement Agreement.</p> <p>The Work Placement Agreement must be signed and submitted within the first 4 weeks of the course.</p> <p>Students must be supervised at all times by a diploma-qualified educator who will consistently provide mentoring and feedback on student's work performance. Work placement supervisors will be inducted about their responsibilities before student starts the course. A supervisor handbook will be provided as a guide for them. Supervisors will mainly be responsible for mentoring the student at the workplace, making sure that student receives the feedback on their activities and confirm the number of work placement hours in Student's Logbook.</p> <p>Students must complete a minimum of 120 hours in a regulated service, working with all age group children, from 0 to 6 years old, throughout the length of the course.</p> <p>Students are recommended to attend work placement one day per week, full shift hours per day, throughout the length of the course.</p> <p>Regulated early childhood education and care service accepted are long day care centers (childcares), Kindergartens.</p> <p>Trainer/Assessor will evaluate the workplace suitability to training requirements by using the Workplace checklist.</p> <p>Work placement visits will be arranged in agreement with student and workplace supervisor as per group Timetable provided to students and workplace supervisors at course commencement.</p>
